

The Daily Gazetteer.

WEDNESDAY, MARCH 28. 1739.

Nº 1173.

IRELAND.

Dublin, March 20.

YESTERDAY the Coroner's Inquest sat on the Body of Bryan O Ruff, who died on Sunday last at the Charitable Infirmary on the Inn's Quay, of a broken Leg he got by a Hackney Coachman's throwing him down, and driving over him in Drumcondra-Lane the 22d of February last; and they brought in their Verdict Willful Murder.

We are assured that Dr. Coghlin has left to Stephen's Hospital, of which he was one of the Governors, a hundred and fifty Pounds; and to Mercer's Hospital an hundred Pounds.

Early on Sunday Morning St. Michael's Watch was call'd to a Nanny-House in Skipper's Lane, where they were attacked, and two of them most barbarously cut and butcher'd with Hangers; four of the Persons, two Soldiers and two Townsmen, were taken and committed to Newgate, where they now lie.

COUNTRY NEWS.

Canterbury, March 24. Seven Persons were condemned at the Assizes at Rochester, viz. Stephen Diaper, for the barbarous Murder of Jane Plang; he confess'd he stabb'd her at least in 20 Places, supposing the poor old Woman to be a Witch; and said, God had left him, and the Devil had taken Possession of him. Anthony Bowen and John Wyborn, for House-breaking. Hannah Powell, for Horse-stealing; in which Practice, tho' a Crime uncommon to her Sex, she was very notorious. William Harris, Henry Hobart, and Francis Walker, for the Highway.

To be Transported, viz. William Davis, James Lamb, and Ann Pierce for stealing Lead, Galloway Tom, alias Thomas Galloway, for Smuggling, and carrying Fire-Arms. Mary Peartree, for House-breaking. Richard Howard, for stealing a Fishing-Boat. Luke Nowell, for stealing Goods out of several Houses.

To be Whipp'd, viz. Francis Castle, John Nutter, for stealing old Iron; and John Hanby, for stealing Pewter.

Burnt in the Hand, viz. Edward Smith, for having two Wives; John Burgolgn, for House-breaking; Daniel Clark, for stealing old Iron; and William Mageen, for stealing Silver Buckles at Chatham.

Tuesday last was safe-conveyed to Surry, under a strong Guard, in a Coach and Four, Richard Mackland, James Persons, and Christopher Perfect, charged with several Robberies on the Highway, in Kent, Surry and Middlesex.

Colchester, March 24. On Monday last was brought to this Town, in their Way to Thetford in Norfolk, where they are to be try'd at the Assizes for that County, which begin on Monday next, Robert Barber, a notorious Smuggler, also charged on Oath, and his own Confession, with having committed several Burglaries, Felonies, and Murders; and Joseph Wilson, charged with aiding in the clandestine loading and carrying away prohibited Goods: Wilson was brought from Newgate, where he had been confined about six Months; he was an Accomplice of the noted Galloway Tom, a Smuggler, who was last Week remov'd from Newgate to Rochester in Kent, to be try'd for the like Offences; and we hear he is ordered for Transportation. Barber was brought from Chelmsford Gaol, where he had been confined about three Weeks, and behaves in an audacious wicked Manner. There was also remov'd at the same Time from Chelmsford Gaol, and chain'd upon the same Horse with Barber, one Isaac King, charged with stealing a Wig, &c. They were guarded by a Party of Dragoons.

HOME PORTS.

Deal, March 26. Wind N E. Remains the Swedish Ship. Came down and failed, the Ann and Betty, Rice, for Falmouth.

Gravesend, March 25. Passed by the Catherine, Rowlandson, from Rotterdam; and the London Packet, Channell, from Boulogne.

Gravesend, March 26. Passed by the Providence, Dale, and the Patience, Christian, both from Norway; the Nottingham, King, from Gottenburg; and the Justus Henricus, Bringeman, from Bremen.

The Success, Read, from Amsterdam for Africa, is arrived at Dover.

In our last we said, that the Providence, Arnaud, was lost near Venice instead of Plymouth.

On the Prospect of a PEACE with SPAIN. To the Craftsman.

SEE Passion struggling in his savage Breast, Damm'd those Plans which give all Europe rest. Against her Peace, who does his Pen employ, And every Scheme which gives his Country Joy! By Turns with Envy and with Rage perplex; And with his own Repose and Quiet vex. Robb'd of the Power to plague and pester still, You make him happy—fore against his Will.

ALL Pity from his Bosom banish'd far, He views with Smiles the Rage and Waste of War. Tumults that ravage, Factions that destroy! Heaven's greatest Curse,—a Craftsman's chiefest Joy! Blessing that Sword his Country's Blood which spills; What saves the Realm from Death, a D'Avours kills. Charles, thou art happy;—Russia, thou art blest, Wanting our Sorrows,—Plenty, Ease and Rest! Give us but Wars,—we then shall be at Peace! Starve us, ye Gods, our Murmurs then may cease!

LONDON.

Last Tuesday the Assizes ended at Nottingham for that Town and County, when a Man received Sentence of Death for stealing a Mare, but is reprieved.

The Week before last died at Norwich Major Daffwood of that City, a near Relation to Sir Samuel Daffwood, Kt. who in 1703 was Lord Mayor of London.

Last Wednesday three Smugglers were brought under a Guard of General Gore's Dragoons from Ipswich to the Castle of Norwich; one of whom was John Pixley, who in May 1737, was committed to the Castle for making his Escape on board a Ship, where he was under Sentence of Transportation for assaulting the King's Officers at Thwait in Suffolk; but there was no Prosecution; another, one Clark, a notorious Smuggler; and the third, one Wilson, brought by a Habeas Corpus from Newgate, to take their Trials at the ensuing Assizes at Thetford.

A Proclamation is issued out by his Majesty, for summoning the Peers of Scotland to assemble at Edinburgh on the 12th of May next, for electing a Peer to sit and vote in the House of Peers, in the room of the Earl of Selkirk, deceased.

Yesterday Morning died at his House in St. Nicholas-Lane, Lombard-street, Mr. John White, Surgeon to St. Thomas's Hospital, Southwark.

On Saturday last the Assizes ended for the County of York, when the three following Malefactors were capitally convicted, viz.

John Palmer, otherwise Richard Turpin, for stealing several Sheep and Horses.

Thomas Hadfield, for robbing Joshua Finney on the Highway of 15 s. And John Steed, for Horse-stealing.

Six were cast for Transportation, six acquitted, and four were ordered to remain till the next Assizes.

We are well assured that the above-mentioned Turpin is the Person who has committed the several Robberies in divers Parts.

Last Saturday a Messenger arriv'd from Scotland, with the Copy of a Will which was lately found at the Right Hon. the Earl of Selkirk's Seat in Scotland; by which we hear that his Lordship has left his Estate, both Real and Personal, to his Nephew, Son and Heir of the Right Hon. the Earl of Ruglen.

His Lordship's Corpse is not to be carried to Hamilton-Castle in Scotland, as was at first intended, but to be interr'd in Westminster-Abby.

Yesterday Morning at two o'Clock a Fire broke out in the Out-houle belonging to his Grace the

Archbishop of Canterbury's Gardens at Lambeth, (in which his Grace's Gardener lived) which consumed the same, together with a large Quantity of Seeds and Fruit-Trees.

The Rev. Mr. Twynhoe, M. A. Chaplain to the Earl of Londerdale, Rector of Twynham and Boxwell in the County of Dorset, is presented to the Rectory of Stypull, alias Steeple, in the said County and Diocese.

This Day is Published,

(Beautifully printed on a fine Paper, adorn'd with Copper Plates, Price Bound 5 s.) Translated from the French of M. de MAUPERTUIS.

THE Figure of the Earth, determined from Observations made by Order of the French King, at the Polar Circle, by Mess. de Maupertuis, Clairaut, Camus, le Monnier, Members of the Royal Academy of Sciences, the Abbe Outhier, Correspondent of the Academy, and M. Celsius, Professor of Astronomy at Upsal. This Book contains, besides the Observations for the determining the Figure of the Earth, an Account of the several Journeys of the Academicians, what they suffered from the Severity of the Climate; many curious Particulars relating to the Natural History of Lapland, and their Observations on the Refractions, and the Force of Gravitation. The Whole is deliver'd in such a manner, as (excepting a very few Passages) may be intelligible to any Body that knows the first Elements of Geography and Astronomy.

But what is peculiar to this Work, and renders it of general and perpetual Use, is, the Manner of Observing, with such Instruments, and such Precautions, as had never been used but on this Occasion: and which must be a standing Pattern for whoever has to do with Astronomical Operations, or any other, where great Accuracy is required.

Printed for T. Cox, at the Royal-Exchange; C. Davis, in Pater-noster Row; J. and P. Knapton, in Ludgate-street; and A. Millar, over-against St. Clement's Church in the Strand.

 Women, and IMPOTENCY, INFERTILITY, and SEMI-
 NAL WEAKNESSES in Men: Directing how they may be in-
 fallibly cured, and those Women rendered fruitful, who have been
 deem'd incurably barren for many Years; and such Men become
 able to propagate their Species, who thro' Imbecility, Seminal
 Disorders, &c. have for several Years thought it impossible. With a
 clear and very particular Account of Generation and Conception;
 And a Digression concerning the Method of begetting SONS
 rather than DAUGHTERS, or of DAUGHTERS rather than
 SONS. Also of Miscarriage in Women, and how it may be
 assuredly prevented, even in those who have miscarried nine or
 ten times before; with Directions to Ladies how to conduct
 themselves during their Pregnancy, and in Child bed, and how
 to cause a safe and easy Delivery: Likewise ample INSTRU-
 CTIONS to MIDWIVES and NURSES, how to treat their

 norities, London. Price Bound 2s. 6d.

The so-much Fam'd HYPO-DROPS.
Which in a few Days infallibly cure
 HYPOCHONDRIACK MELANCHOLY in Men, and the
 VAGUOUS in WOMEN, so as never to return again, be they ever
 so severe, or of many Years standing, and even after all other
 Remedies have prov'd ineffectual; and that by immediately
 striking at the very Root or true Cause, as well as remedying
 the Effects, of those perplexing Maladies and all their Variety
 of Symptoms, by which they mimic, by Turns, almost all
 the Diseases poor Mortals are afflicted with, and have their
 Rise from a depraved Appetite, vicious Ferment in the Sto-
 mach, and Indigestion of Food, whence proceed Crudities and
 flatulent or windy Disorders in the first Passages, sour
 Belchings, Cholick, Uneasiness in the Bowels, and ill Fumes,
 which offend the Nerves, and, by Consent of Parts, affect the
 Head, and produce sometimes Giddiness, Dimness of Sight,
 confused Thoughts, pertinacious Watchings, troublesome
 Sleep, Frights, groundless Fears, and the deepest Melancholy,
 with direful Views and terrible Apprehensions; at other
 times, Fits, Flushing Heats, Reachings, Faintness, Lowness
 and Sinking of Spirits, Palpitation of the Heart, Startings,
 Tremblings, and Twitchings in the Limbs and other Parts,
 with many convulsive Disorders, sharp Pains, fix'd or wan-
 dering Pain and Weakness in the Back, and other, almost
 innumerable and grievous, Symptoms, which miserably afflict
 vast Numbers of both Sexes.
 All which Symptoms, in their sharpest Paroxysms, these so-
 much fam'd and most pleasant Drops, (which are Chymically
 prepar'd from the most valuable Specificks in the Mineral,
 Vegetable, and Animal Kingdoms, and exalted to the highest
 Degree of Perfection possible) instantly quell, and at the
 same time annihilate their real Cause, directly bringing the
 Stomach into right Order, creating a good Appetite, rectify-
 ing the Digestion, occasioning laudable Chyle, and, of course,
 a good Blood, Plenty of calm, free, and cheerful Spirits,
 regular Circulation of all the Fluids, and Strength of Nerves;
 so that both Cause and Effects of Melancholy and Vapours,
 are thoroughly removed by them, almost on the Spot, as the
 many Thousands of both Sexes they have perfectly cured,
 evince.
 Whoever takes them for 3 Days only, will be sensible they
 are absolutely to be depended upon for an effectual and lasting
 Cure, and certain it is, that no Medicine upon Earth can
 equal them; be careful therefore to have the right Drops,
 which are to be had only at Mrs. Hole's, at the Cross-Key
 and Star in Cornhill, near Stocks-Market, at 3s. 6d. a Bottle
 with Directions.
